

Hi Peas!

We are taking the leg work out of collecting 10c deposit items at home or work, by outsourcing it to Direct Collect. We have already swapped the recyclable bins at the club!

Or you need to do is to create an account for your business or home on the Direct Collect Website, select the "Donation Plan" and choose Adelaide Hockey Club as your nominated club.

You'll be sent a Direct Collect Bin to fill with refundable bottles, cans and containers.

When it's full, request a collection and you'll be sent a new Direct Collect bin to fill. They'll take the bin away, process the refunds and deposit the money straight into our pitch replacement/sinking fund.

Your small change can make a big difference

To find out more, visit the Direct Collect Website: <https://www.direct-collect.com.au/>
